_____ Age: _____
_____ Age: _____

ADDRESS: _____

CITY: _____ PROV: _____ POSTAL CODE: _____

AGREEMENT TO PARTICIPATE Camping is a vigorous, energetic experience. Participants need to have normal health, strength and endurance. Activities can include walking up to one mile, running and exploring along bush trails and creeks, water sports, games of strength, rigorous field and group games, climbing wall, high ropes course, zip line, using sharp craft tools, horseback riding at various gaits on the trail and in the ring, using bow and arrow, trampoline, playground equipment, hiking and biking in mountainous terrain, mountain boarding, lake canoeing, whitewater rafting, and vehicle travelling to and from activity sites. I/we, the undersigned, recognize that there are risks of injury and/or loss associated with such a camping program. Camp Caroline staff makes the safety and well-being of each camp and camper a top priority. However, the possibility exists that injuries and/or loss could occur. Injuries and/or loss can range from minor cuts and abrasions, to sprained joints, bee-stings, animal attacks, major cuts, concussions, broken bones, and even death. With many people together, including children and youth, it is also possible for certain illnesses to transfer from one camper to another. They can range from colds and flus to strep throat and chicken pox. However, should a camper become sick with a highly contagious illness, the camper would be separated from the others or sent home.

EXPECTATIONS OF THE PARTICIPANT CAMPER: Campers are expected to listen carefully and to obey the rules given at the beginning of the camp week and each activity session by the person(s) in charge, and assist by informing/calling attention to situations which may cause injury for oneself and other participants, surface condition, not feeling well or fatigued, not being able to master the skill, et al. Parents / guardians are expected to educate their children regarding various risks at camp and take responsibility for the safety of the children under their care.

ASSUMPTION OF RESPONSIBILITY I/we the undersigned parent(s)/guardian(s) assume the responsibility for injuries to myself and/or my spouse and/or all children under my care while at Camp Caroline, and I/we will not bring an action for damages which might arise from these injuries. I/we the undersigned parent(s)/guardian(s), acknowledge that I/we have read the above paragraphs, have completed the registration form and medical information fully and truthfully. I/we have read Camp Caroline's current Stock Medications List (see attached) and give permission for the Camp Nurse to administer as needed the medications listed therein at dosages listed therein (i.e. according to the instructions on the packaging), unless directed otherwise in the camper's written medical information supplied by the parent(s) at registration or on day of arrival. In the case of accident or illness, the participant must pay for any emergency transport and hospital/physician/medical expenses. I/we also give Camp Caroline permission to use pictures/videos that may be taken of campers during the camp week for promotional purposes.
