

WHAT TO BRING LIST – OPTION SPECIFIC

Please find the camp option that you are registered for and ensure the appropriate items are added/included in your packing.

In addition to the general What To Bring list, please bring the following:

Classic Camp Option:

- For the “Classic Camp” option, following the general What To Bring list will be sufficient.

Horsemanship Option:

- Footwear: **Closed Toed Shoes** (i.e. rubber boots, cowboy boots, riding boots, etc.) *This is an important safety item.*
- Pants must be worn for riding - denim is the best. Do not wear nylon pants or rain pants.

Hiking Option:

- Hiking boots / shoes or strong running shoes (preferably high tops) for ankle support.
- Warm jacket - medium to heavy warmth.
- Wool socks, toque / gloves are important if the weather turns cold.
- Please try to stay away from 100% cotton clothing. Cotton holds water next to the skin lowering body core temperature.
- **PANTS:** Denim jeans are not recommended for this trip. Pants/shorts worn should be loose fitting, non-restrictive and comfortable.

Canoeing Option:

- Small backpack to store gear on the drive.
- Please try to stay away from 100% cotton clothing. Cotton holds water next to the skin lowering body core temperature.

Laser Tag Option:

- Strong running shoes or hiking shoes.
- Outdoor clothing that can get dirty or torn while running through the bush.

White Water Rafting Option:

*Wetsuit, dry jacket, rafting boots, helmet, and paddle will be provided.

- Small backpack to store gear on the drive.
- Please try to stay away from 100% cotton clothing. Cotton holds water next to the skin lowering body core temperature.
- Synthetic (polypropylene or 50/50 blend) long sleeve shirt (optional).
- Warm jacket/sweater - medium to heavy warmth.
- Toque / gloves and wool socks are important if the weather turns cold.

Paintball Option:

* Masks and neck guards will be provided. Please bring clothes that can get dirty or torn.

- Sturdy running shoes.
- Thin hand gloves (optional).

Power Tubing Option:

- Small backpack to store gear on the drive.
- Please try to stay away from 100% cotton clothing. Cotton holds water next to the skin lowering body core temperature.
- Synthetic (polypropylene or 50/50 blend) long sleeve shirt (optional).
- Warm jacket – medium to heavy warmth.
